

# PLASMA-ST5

The Plasma-ST5 is a single coil sized pickup with dual bobbins stacked vertically for superior noise cancelling, if you are looking for a noiseless pickup then this is your best option, forget about the hum and the noise and enjoy the beautiful clear and bright sound with mid to high output levels perfect for the guitarist that enjoys playing rock, metal or pop music.

The Plasma-ST5 is made with polyurethane copper wire and Alnico 5 Polepiece magnets.
