

CORONA-B1

The CORONA-B1 pickup has the traditional vintage sound, so well liked all over the world with a very effective noise reduction system that produces a punchy and bright sound that is well balanced!. We completely shield this pickup, because single coil pickups are traditionally influenced by outside noises. The Corona-B1 pickups are carefully made with heavy Formvar copper wire, Alnico 5 pole piece magnets and a fiber bobbin.

Equipped with 2 wire leads!
