

OPUS-G1

The Opus-G1 pickups is produced and completed after a long study.

Pickup with a tone that are normally associated with similar 'PAF' style pickups and OPUS-G1

it's a product that is faithfully implemented with PAF vintage pickup. The best feature of

OPUS-G1 is its not only perfect low bass tone, but also the warmly and soft clear teble,

it also makes incredibly responsive and clean tone, and from the low to high gains.

articulate soulful sounding and has a long sustain and can lead player expressiveness.

it responds very well. to sensitive performance touches. Opus-G1 is carefully made with

Plain Enamel copper wire and bar type Alnico 2 magnets. The coils are wax potted for stabilization

to insure the complete reproduction of sound. it has two type, that are

Cover magnetic field type of matt Nickel and black glossy bobbin style.

Position	D.C.Resistance	Resonant Peak	Spacing	Output Level
